A NOTRE DAME EDUCATION

A University of Notre Dame education is an incredibly valuable investment—and not simply because of the quality, rigor, and access of the education you’ll receive.

“A student who takes advantage of the opportunity to truly get to know yourself through spiritual examination and personal inquiry. As a result, you’ll be encouraged to take the time to discover who you are, what you love, and how to apply your knowledge. At the same time, you’ll gain an understanding of the world that involves critical examination of issues, cultures, and ideas. This examination and growth are a hallmark of the Notre Dame education, and it is in the ways that our graduates are prepared to thrive in a changing world.”

At Notre Dame, we offer one of the widest and most influential alumni networks in the world. From tapping hundreds of alumni to campus, to providing generous grants and scholarships, to ensuring that your family is as well, every graduate you’ll meet, the Notre Dame community is something that strengthens and deepens over the course of time. Despite the many tangible benefits of a Notre Dame education, the strength of our community is, quite simply, unquantifiable.
