A Notre Dame education is an incredibly valuable investment—and not simply because of the quality, rigor, and access of the education you’ll receive.

Here, you’ll have the opportunity to truly get to know yourself through spiritual examination and personal inquiry. As a student here, you’re encouraged to take the time to discover who you are, what you love, and how to apply your knowledge. At the same time, you’ll gain an understanding of the world that involves a critical examination of leisure, cultures, and ideas. This combination of self-discovery and global awareness is a hallmark of the Notre Dame education, and is one of the ways that our graduates are prepared to thrive in a changing world.

Beyond the classroom, Notre Dame offers one of the widest and most influential alumni networks in the world. From bringing hundreds of recruiters to campus, to providing generous grants and scholarships, to ensuring that you’ll have an ally in every graduate you’ll meet, the Notre Dame community is something that strengthens and deepens over the course of time. Despite the many tangible benefits of a Notre Dame education, the strength of our community is, quite simply, unquantifiable.

NEED-BASED FINANCIAL AID

The CSS/Financial Aid PROFILE Application and the Free Application for Federal Student Aid (FAFSA) serve as the official applications for need-based financial aid at the University of Notre Dame, including University scholarship programs. Unless otherwise noted, no additional applications are required to be considered for all scholarship/grant programs that the Office of Financial Aid administers.

All international students, regardless of their intention of applying for scholarships or financial aid, must complete and submit the International Student Certification of Finances at the time of application for admission, illustrating and documenting sufficient financial support to meet the projected cost of a Notre Dame undergraduate education.

Admission to Notre Dame is need aware for non-U.S. citizens. Financial aid opportunities (need-based and merit) for first-year international students are limited and competitive. For the 2014-15 academic year, international first-year students received nearly one million dollars in need-based and merit-based assistance.

Candidates are evaluated based upon academic qualifications, extracurricular activities, letters of recommendation, as well as a student's financial need.

NEED-BASED FINANCIAL AID

Prospective first year students wishing to be considered for need-based financial assistance must first complete an International Student Certification of Finances along with the CSS/Financial Aid PROFILE adapted for international students.

To learn more about the cost of attendance, scholarship programs, and other financing options, please visit financialaid.nd.edu.

MERIT SCHOLARSHIPS

Notre Dame offers merit scholarships to a limited number of international students, accepted for admission as a first-time incoming freshman, who demonstrate exceptional accomplishment, leadership, commitment to service, and intellectual promise.

International students may qualify for the following merit programs.

The University of Notre Dame participates in the College Board's Institutional Documentation Service (IDOC) which allows students to submit one packet of supporting documentation to IDOC rather than mailing individual documents to each participating institution to which a student has applied for admission.

CSS/Financial Aid PROFILE applicants will receive communication directly from IDOC in early February regarding the submission of supporting documentation. Families should be prepared to submit this supporting documentation to IDOC by Notre Dame’s priority submission date.

The Office of Financial Aid begins mailing Financial Aid Notifications in late March to admitted students who have completed the financial aid process.

Note: To be eligible for federal student aid a student must be a citizen or eligible non-citizen of the United States with a valid social security number. In general, students must be degree seeking and be enrolled on at least a half-time basis. Additionally, students may not owe a refund on a federal student grant, nor be in default on a federal student loan.

INSTITUTIONAL DOCUMENTATION SERVICE (IDOC)

The University of Notre Dame participates in the College Board's Institutional Documentation Service (IDOC) which allows students to submit one packet of supporting documentation to IDOC rather than mailing individual documents to each participating institution to which a student has applied for admission.
